The clerk read as follows.

The pires. The republicans in Georgia will claim the office at orce. Among those who will be most earnestly pressed for it is Mr. James C. Freemen, of Atlanta. He has friends in both rarties here who would work for him. It is said that Mr. Kimball will also be a car_didate under most favarable auspices. The use of his name as the success of Colonel Fitzsimons in the recent complications has brought into gen that recognition his capacity for filling the office. The Savannah republicans will have so me man to present. At least one prominent candidate may be expected from among that large class of "progressive" democrats who are on hand whenever the ir services are needed.

The office is not worth as much as it was several years ago It must have netted \$10,000 a year when Major Smyth had it for the first term. Now it is not probably worth more than half that sum. The decrease of moonshining will lessen its value still further. It is still a snug berth over which there will soon be a merry little contest.

I forgot to say that among the applicants for the marshalship will be Colonel.

MEANS

Is prepared only by this Company, and is put up in large oval-shaped blue bottles, with Swift's Syphilitic Specific blown in the glass, and the written signature of J W. Rankin, Secretary, and C. T. Swift, pasted over the cork. Also, the signature of C. T. Swift, in the lower right hand corner of the label. The price is \$2.50 per bottle. The results from the use of this Remedy are wonderful, and there is not a shadow of doubt that it is a positive and permanent cure for the terrible scourge to mankind. Cases have been cured with this medicine twenty-five years ago, and the parties have been ever since, and are to day, entirely free from taint of it. It is entirely vegeta ble and there is not the least danger in taking it. It will cure the horrible disease, and it is the only remedy known to the world that will! We say to the sufferer: buy it and take it—for it is your salvation!

An Asionishing Entertainment.

An audience comprising many of our best representative citizens, with a fair sprinkling of ladies, but by no means as numerous as the performance deman-fed, was present at DeGive's opera house last night to see Herrmann and his company. In each and every part of the entertainment, Herrmann, the magician, and his assistant, Mile. Addie, and his European specialty company, proved really adept and facile interpreters of the respective roles assumed by them Herrmann's phases of the art embraced many things never seen here before, and his liusions were incomprehensible. We have never seen bewilderment and delight so possess an audience as the entertainment of last night produced. Cards were handled with dexterity. Lemons and ears From boards showers of silver dollars were drawn. Live rabbits were taken from hast Tre cabinet trick was ahead of anything we have ever had here. Vai Vose the ventralougist is the best we have ever seen. The dancing of the "Lorellas" is wonderful to behod. If you wish to enjoy and see the perfection of illusion, be sure and attend the matinee this afternoon, and the entertainment to night, and go early as the perfection of satisfaction of the audienciast injury.
